2026 Formulary (List of Covered Drugs or “Drug List”)

Formulary ID 00026076, Version 15

This formulary was updated on 09/01/2026. For more recent information or other questions, please contact Mercy Care Advantage (HMO SNP) Member Services at **602-586-1730** or **1-877-436-5288** (TTY users should call **711**), 8:00 a.m. – 8:00 p.m., 7 days a week, or visit [mercycareaz.org](https://www.mercycareaz.org).

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Mercy Care. When it refers to “plan” or “our plan,” it means Mercy Care Advantage.

This document includes a Drug List (formulary) for our plan which is current as of 09/01/2026. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

Mercy Care Advantage is an HMO SNP with a Medicare contract and a contract with the Arizona Medicaid Program. Enrollment in Mercy Care Advantage depends on contract renewal. The formulary may change at any time. You will receive notice when necessary.

What is the Mercy Care Advantage Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Mercy Care Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Mercy Care Advantage will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Mercy Care Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary change?

Most changes in drug coverage happen on January 1, but Mercy Care Advantage may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: [merycareaz.org](https://www.merycareaz.org).

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.**

We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to Mercy Care Advantage’s formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Mercy Care Advantage (HMO SNP)’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 09/01/2026. To get updated information about the drugs covered by Mercy Care Advantage please contact us. Our contact information appears on the front and back cover pages. In the event of any mid-year non-maintenance formulary changes, the formularies will be updated monthly and posted on our website.

Printed formularies will be updated with the changes using an errata notice.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 62. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Mercy Care Advantage covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may

be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Mercy Care Advantage requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Mercy Care Advantage before you fill your prescriptions. If you don’t get approval, Mercy Care Advantage may not cover the drug.
- **Quantity Limits:** For certain drugs, Mercy Care Advantage limits the amount of the drug that Mercy Care Advantage will cover. For example, Mercy Care Advantage 30 tablets per prescription for simvastatin 80 mg tablets. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Mercy Care Advantage requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Mercy Care Advantage may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Mercy Care Advantage will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Mercy Care Advantage to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Mercy Care Advantage’s formulary?” on page VI for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Mercy Care Advantage pays for certain OTC drugs. Mercy Care Advantage will provide these OTC drugs at no cost to you. The cost to Mercy Care Advantage of these OTC drugs will not count toward your total Part D drug costs.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Mercy Care Advantage does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Mercy Care Advantage. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Mercy Care Advantage
- You can ask Mercy Care Advantage to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Mercy Care Advantage (HMO SNP) Formulary?

You can ask Mercy Care Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Mercy Care Advantage limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Mercy Care Advantage will only approve your request for an exception if the alternative drugs included on the plan's formulary, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. If coverage is not approved, after your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are admitted to or discharged from a long-term care facility, you will be allowed to refill a prescription upon admission or discharge.

Mercy Care Advantage Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Mercy Care Advantage. If you have trouble finding your drug in the list, turn to the Index that begins on page 62.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., levothyroxine).

The information in the Requirements/Limits column tells you if Mercy Care Advantage has any special requirements for coverage of your drug.

Your cost sharing amounts depend on which category the drug is in:

Category	Cost-sharing amount
Generic drugs (including brand drugs treated as generic)	\$0/\$1.60/\$5.10 (each prescription)
All other drugs	\$0/\$4.90/\$12.65 (each prescription)

Your copays may be less, depending on the level of “Extra Help” you are receiving. The Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs (LIS Rider) lists the amount you will pay for your prescription drugs. You can also call Member Services to find out your cost sharing amount. Phone numbers for Member Services are on the front and back cover pages.

The information in the Requirements/Limits column tells you if Mercy Care Advantage has any special requirements for coverage of your drug.

Nota para los miembros existentes: Este formulario ha cambiado desde el año pasado. Revise este documento para asegurarse de que aún contiene los medicamentos que toma.

Cuando en esta Lista de medicamentos (formulario) se mencionan los términos “nosotros”, “nos” o “nuestro”, se hace referencia a Mercy Care. Cuando se menciona “plan” o “nuestro plan”, se hace referencia a Mercy Care Advantage.

Este documento incluye una Lista de medicamentos (formulario) para nuestro plan que está vigente al 09/01/2026. Para obtener una lista de los medicamentos (formulario) actualizada, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización de la lista de los medicamentos (formulario), aparece en las páginas de portada y la portada posterior.

En general, debe utilizar farmacias de la red para aprovechar su beneficio de medicamentos con receta. Los beneficios, el formulario, la red de farmacias o los copagos/coseguros pueden cambiar el 1 de enero de 2026 y, ocasionalmente, durante el año.

Mercy Care Advantage es un plan HMO SNP con un contrato con Medicare y el programa Medicaid de Arizona. La inscripción en Mercy Care Advantage depende de la renovación del contrato. El formulario puede cambiar en cualquier momento. Usted recibirá un aviso cuando sea necesario.

¿Qué es el formulario de Mercy Care Advantage (HMO SNP)?

En este documento, usamos los términos Lista de medicamentos y Formulario para decir lo mismo. Un formulario es una lista de medicamentos cubiertos seleccionados por Mercy Care Advantage con el asesoramiento de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se consideran necesarios como parte de un programa de tratamiento de calidad. Por lo general, Mercy Care Advantage cubrirá los medicamentos que aparecen en nuestro formulario siempre y cuando el medicamento sea médicamente necesario, se obtenga en una farmacia de la red de Mercy Care Advantage y se sigan otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte su Evidencia de cobertura.

¿El formulario puede cambiar?

La mayoría de los cambios en la cobertura para medicamentos se hacen el 1 de enero, pero Mercy Care Advantage puede agregar o eliminar medicamentos del formulario durante el año, moverlos a niveles de costo compartido diferentes o agregar nuevas restricciones. Debemos seguir las normas de Medicare al hacer estos cambios. Las actualizaciones del formulario se publican mensualmente en nuestro sitio web: mercycareaz.org.

Cambios que pueden afectarlo este año: En los siguientes casos, usted se verá afectado por los cambios en la cobertura durante el año:

- **Sustituciones inmediatas de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podemos eliminar inmediatamente un medicamento de nuestro formulario si lo reemplazamos con una versión nueva de ese medicamento que aparecerá con las mismas restricciones o con menos. Cuando agregamos una nueva versión de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero inmediatamente trasladarlo para agregar nuevas restricciones.

Podemos hacer estos cambios inmediatos solo si añadimos una nueva versión genérica de un medicamento de marca, o añadimos determinadas versiones nuevas de biosimilares de un producto biológico original, que ya estaba en el formulario (por ejemplo, añadimos un biosimilar que puede sustituirse por un producto biológico original sin una nueva receta).

Si usted está tomando actualmente el medicamento de marca o el producto biológico original, es posible que no le informemos antes de hacer un cambio inmediato, pero luego le daremos la información sobre los cambios específicos que hicimos.

Si hacemos ese cambio, usted o la persona que autoriza la receta puede solicitarnos que hagamos una excepción y continuemos cubriendo el medicamento que se está cambiando. Para obtener más información, consulte la sección a continuación titulada “¿Cómo solicito una excepción al formulario de Mercy Care Advantage?”

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección “¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?”

- **Medicamentos retirados del mercado.** Si un medicamento se retira de la venta por el fabricante o la Administración de Alimentos y Medicamentos (FDA) determina que se retira por razones de seguridad o eficacia, podemos eliminar inmediatamente el medicamento de nuestro formulario y luego proporcionar un aviso a los miembros que toman el medicamento.
- **Otros cambios.** Podemos efectuar otros cambios que afecten a los miembros que consumen el medicamento en la actualidad. Por ejemplo, podemos eliminar un medicamento de marca del formulario al agregar un equivalente genérico o eliminar un producto biológico original al añadir un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original o moverlo a un nivel de costo compartido diferente, o ambas cosas. Hacemos cambios según nuevas pautas clínicas. Si eliminamos medicamentos de nuestro formulario, agregamos una autorización previa,

un límite de cantidad o una restricción al tratamiento escalonado para un medicamento, o movemos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados del cambio al menos 30 días antes de que el cambio entre en vigencia. Por otra parte, cuando un miembro solicita un resurtido del medicamento, puede recibir un suministro de 30 días del medicamento y un aviso sobre el cambio.

Si hacemos estos otros cambios, usted o la persona que autoriza la receta pueden solicitarnos que hagamos una excepción y continuemos cubriendo el medicamento que ha estado tomando. El aviso que le entregamos también incluirá información sobre cómo solicitar una excepción, y además puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al formulario de Mercy Care Advantage (HMO SNP)?”.

Cambios que no le afectarán si actualmente está tomando el medicamento. Por lo general, si toma un medicamento que se encuentra en nuestro formulario para 2026 y que estaba cubierto al comienzo del año, no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2026, excepto como se describió anteriormente. Esto significa que continuará estando disponible al mismo costo compartido y sin restricciones nuevas para aquellos miembros que lo tomen por el resto del año de cobertura. Este año no recibirá un aviso directo sobre los cambios que no lo afecten. Sin embargo, dichos cambios lo afectarán a partir del 1 de enero del próximo año y es importante consultar el formulario para el nuevo año de beneficios para ver si hay cambios en los medicamentos.

El formulario adjunto estará vigente a partir del 09/01/2026. Para obtener información actualizada sobre los medicamentos cubiertos por Mercy Care Advantage, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la portada posterior. En caso de que se realicen a mitad de año cambios en los formularios no relacionados con su mantenimiento, se actualizarán de forma mensual y se publicarán en nuestro sitio web.

Los formularios impresos se actualizarán con los cambios mediante un aviso de errata.

¿Cómo utilizo el formulario?

Hay dos formas para encontrar un medicamento dentro del formulario:

Afección médica

El formulario comienza en la página 1. Los medicamentos en este formulario están agrupados en categorías dependiendo del tipo de afecciones médicas que traten. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca están incluidos en la categoría “Agentes cardiovasculares”. Si usted sabe para qué se utiliza el medicamento, busque el nombre de la categoría en la lista que comienza en la página 1. Luego, busque su medicamento debajo del nombre de esa categoría.

Listado alfabético

Si no está seguro de qué categoría debe consultar, busque su medicamento en el Índice que comienza en la página 62. El Índice proporciona un listado alfabético de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los genéricos se encuentran en el Índice. Consulte el Índice y busque su medicamento. Junto al medicamento, verá el número de página en el que puede encontrar la información de cobertura. Vaya a la página que aparece en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Mercy Care Advantage cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan igual de bien y suelen costar menos que los de marca. Hay medicamentos genéricos sustitutos disponibles para muchos medicamentos de marca. Por lo general, los medicamentos genéricos pueden ser sustituidos por el medicamento de marca en la farmacia sin la necesidad de una nueva receta, según las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el formulario, cuando nos referimos a medicamentos, esto podría referirse a un medicamento o a un producto biológico. Los productos biológicos son más complejos que los medicamentos típicos. Como los productos biológicos son más complejos que los medicamentos habituales, en lugar de tener una forma genérica, tienen alternativas que se llaman biocomparables. Por lo general, los biosimilares son tan eficaces como los productos biológicos originales, y suelen ser más baratos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, dependiendo de las leyes estatales, podrían sustituir al producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituir los medicamento de marca.

Para ver un análisis sobre los tipos de medicamentos, consulte el Capítulo 5, Sección 3.1 de la Evidencia de cobertura, “La ‘Lista de medicamentos’ dice qué medicamentos de la Parte D están cubiertos”.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Mercy Care Advantage exige que usted o la persona autorizada a dar recetas obtengan autorización previa para ciertos medicamentos. Esto significa que necesitará contar con la aprobación de Mercy Care Advantage antes de obtener sus medicamentos con receta. Si no obtiene la aprobación, es posible que Mercy Care Advantage no cubra el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, Mercy Care Advantage limita la cantidad de medicamento que cubrirá. Por ejemplo, Mercy Care Advantage tiene un límite de 30 comprimidos por receta para simvastatin en comprimidos de 80 mg. Esto puede ser además de un suministro estándar para un mes o tres meses.
- **Tratamiento escalonado:** En algunos casos, Mercy Care Advantage le exige que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para su afección. Por ejemplo, si tanto el medicamento A como el medicamento B tratan su afección médica, es posible que Mercy Care Advantage no cubra el medicamento B, a menos que usted pruebe el medicamento A primero. Si el medicamento A no funciona para su afección, Mercy Care Advantage cubrirá el medicamento B.

Puede averiguar si su medicamento tiene requisitos o límites adicionales consultando el formulario que comienza en la página 1. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado documentos en Internet que explican nuestras restricciones de tratamiento escalonado y autorización previa. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de portada y la portada posterior.

También puede solicitar que Mercy Care Advantage haga una excepción en cuanto a estas restricciones o límites, o puede pedir una lista de otros medicamentos similares que traten su afección de salud. Para obtener información sobre cómo solicitar una excepción, consulte la sección “¿Cómo solicito una excepción al formulario de Mercy Care Advantage?” que se encuentra en la página XII.

¿Qué son los medicamentos de venta libre (OTC)?

Los medicamentos de venta libre son medicamentos sin receta que normalmente no están cubiertos por un plan de medicamentos con receta de Medicare. Mercy Care Advantage paga ciertos medicamentos de venta libre. Mercy Care Advantage le proporcionará estos medicamentos de venta libre sin costo alguno para usted. El costo para Mercy Care Advantage de estos medicamentos de venta libre no se tendrá en cuenta para el total de sus costos de medicamentos de la Parte D.

¿Qué sucede si mi medicamento no está incluido en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), primero debe comunicarse con el Departamento de Servicios para Miembros y consultar si su medicamento está cubierto.

Si se le informa que Mercy Care Advantage no cubre su medicamento, tiene dos opciones:

- Puede solicitar al Departamento de Servicios para Miembros una lista de medicamentos similares que estén cubiertos por Mercy Care Advantage. Cuando reciba la lista, muéstrasela a su médico y pídale que le recete un medicamento similar que esté cubierto por Mercy Care Advantage.
- Puede solicitar a Mercy Care Advantage que haga una excepción y cubra su medicamento. Consulte la información sobre cómo solicitar una excepción a continuación.

¿Cómo solicito una excepción al formulario de Mercy Care Advantage?

Puede solicitar a Mercy Care Advantage que haga una excepción en cuanto a nuestras normas de cobertura. Existen varios tipos de excepciones que puede solicitarnos.

- Puede solicitarnos que cubramos un medicamento incluso si este no se encuentra en nuestro formulario. Si se aprueba, el medicamento estará cubierto a un nivel de costo compartido determinado previamente, y no podrá solicitar que el medicamento se proporcione a un costo compartido menor.
- Puede solicitarnos que eliminemos una restricción de cobertura, que incluye la autorización previa, el tratamiento escalonado o un límite de cantidad en su medicamento. Por ejemplo, para ciertos medicamentos, Mercy Care Advantage limita la cantidad de medicamento que cubrirá. Si su medicamento tiene un límite en la cantidad, puede solicitarnos que no apliquemos el límite y que cubramos una cantidad mayor.

En general, Mercy Care Advantage solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan o la aplicación de la restricción no serían tan efectivos para usted o le causarían efectos adversos.

Usted o la persona autorizada a dar recetas debe comunicarse con nosotros para solicitar una excepción al formulario, incluida una excepción a una restricción de cobertura. **Cuando solicita una excepción, la persona autorizada a dar recetas tendrá que explicar las razones médicas por las que necesita la excepción.** Por lo general, debemos tomar una decisión en un plazo de 72 horas después de obtener la declaración de respaldo de la persona autorizada a dar recetas. Puede solicitar una decisión acelerada (rápida) si cree, y estamos de acuerdo, que su salud podría verse gravemente perjudicada si espera hasta 72 horas para recibir una decisión. Si estamos de acuerdo, o si la persona autorizada a dar recetas solicita una decisión rápida, debemos darle una decisión a más tardar 24 horas después de que recibamos la declaración de respaldo de esta persona.

¿Qué puedo hacer si mi medicamento no está en el formulario o tiene alguna restricción?

Como un miembro nuevo o continuo de nuestro plan, es posible que tome medicamentos que no se encuentren en nuestro formulario. O es posible que esté tomando un medicamento que está en nuestro formulario, pero tiene una restricción de cobertura, como una autorización previa. Debe hablar con la persona autorizada a dar recetas sobre la solicitud de una decisión de cobertura para mostrar que reúne los criterios de aprobación, cambiar a un medicamento alternativo que cubrimos o la solicitud de una excepción del formulario para que cubramos el medicamento que toma. Mientras usted y su médico determinan la acción más apropiada, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días como miembro de nuestro plan.

Para cada uno de sus medicamentos que no esté en nuestro formulario o tenga una restricción de cobertura, cubriremos un suministro temporal para 31 días. Si su receta está indicada para menos días, permitimos obtener los medicamentos hasta alcanzar un suministro máximo de 31 días del medicamento. Si la cobertura no se aprueba, luego del primer suministro de 31 días, ya no pagaremos esos medicamentos, incluso si hace menos de 90 días que es miembro del plan.

Si reside en un centro de atención a largo plazo y necesita un medicamento que no se encuentra en nuestro formulario, o si su capacidad de obtener sus medicamentos es limitada, pero ya transcurrieron los primeros 90 días como miembro de nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras usted intenta conseguir una excepción al formulario.

Si usted es ingresado en un centro de atención a largo plazo o si recibe el alta de este centro, le permitiremos obtener un resurtido del medicamento con receta en el momento del ingreso o el alta.

Abreviatura	Requisitos/Límites
B/D	Cubierto por la Parte B o la Parte D de Medicare. Este medicamento puede estar cubierto por la Parte B o la Parte D de Medicare, según las circunstancias. Para tomar la determinación, se deberá enviar información que incluya la descripción del uso y la situación en que se administra el medicamento.
EA	Cada uno. Los medicamentos que tienen EA indican la cantidad de píldoras provistas.
NDS	Suministro no extendido. Los medicamentos que figuran en NDS tienen un límite de suministro de 30 días. El medicamento no está disponible para un suministro extendido.
NM	No disponible para pedido por correo. Los medicamentos con esta abreviatura normalmente no están disponibles en la farmacia de servicio por correo CVS Caremark®. Los medicamentos de mantenimiento (medicamentos que toma regularmente para una enfermedad crónica o a largo plazo) sin esta abreviatura suelen estar disponibles en la farmacia de servicio por correo CVS Caremark®. La disponibilidad real puede variar.
PA	Autorización previa. Nuestro plan exige que usted o su médico obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con nuestra aprobación antes de obtener sus medicamentos con receta. Si no tiene la aprobación, es posible que no cubramos el medicamento. Usted o su proveedor deben obtener la autorización de nuestro plan antes de que aceptemos cubrir el medicamento.
QL	Límites de cantidad. Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubrirá. Por ejemplo, nuestro plan proporciona 30 comprimidos por 30 días por receta para simvastatin en comprimidos de 80 mg. Se muestra la cantidad por surtido o resurtido.
ST	Tratamiento escalonado. Este medicamento con receta requiere que usted haya probado otro medicamento antes, y que no haya funcionado. En algunos casos, nuestro plan requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que no cubramos el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces cubriremos el medicamento B.
